

Family Physicians are the largest one man industry. Working in an atmosphere of constantly changing medical scenario, demanding consumer and corporatization of healthcare, Continuing Medical Education alone is not enough to sustain a practice. For better customer retention, customer bonding and to exceed customer expectations, inculcating excellent Presentation skills is as important.

Every doctor has certain management responsibilities, including managing patients, resources, staff and his/her time.

*Learn ALL this and much more...*

# Presentation Skills
